

JOB DESCRIPTION

VACANCY NUMBER **6340N**

ORGANISATION: **MTU DETROIT DIESEL**

JOB TITLE **DIESEL MECHANIC**

POSITION SUMMARY

Join a well established market leader, one of Australia's largest distributors of diesel engines. You will work in a state of the art workshop with a team of dedicated trade professionals. For all your hard work and dedication you will be rewarded with an excellent hourly rate with overtime, ongoing training opportunities, a high calibre team of trade professionals to work with and a state of the art facility to work in. It doesn't get much better than this!!

Diesel Mechanic

- Opportunity to relocate to Melbourne, Australia
- Excellent pay rates with overtime
- Full time position

Join a well established market leader, one of Australia's largest distributors of diesel engines. You will work in a state of the art workshop with a team of dedicated trade professionals.

The ideal candidate will be trade qualified with servicing and maintenance experience on heavy vehicles and will have the flexibility to work a day/afternoon rotating roster.

However, our client offers excellent internal training opportunities so if you have the experience but haven't completed your trade qualifications then we still want to hear from you.

For all your hard work and dedication you will be rewarded with an excellent hourly rate with overtime, ongoing training opportunities, a high calibre team of trade professionals to work with and a state of the art facility to work in. It doesn't get much better than this!!

You must have the right to live and work in Australia and be able to relocate at your own cost.
